

EOS dApp Ecosystem

Blockbase
Secure your data with the norms of the future blockchain network

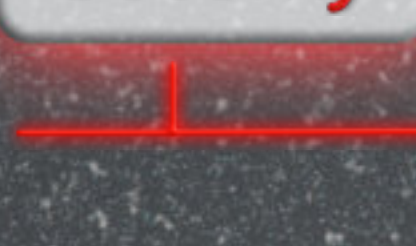

EOS Detective
Visualize the token transfer history of EOS and Wax accounts

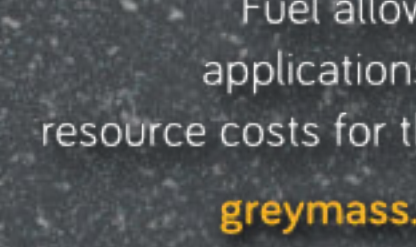

Port
Solving Sybil, Counting roses with Passports

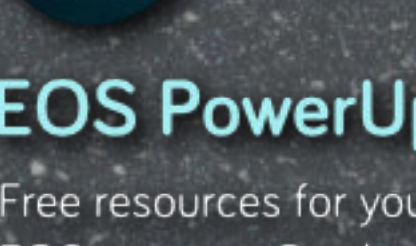

SlowMist
Focused on Blockchain Ecosystem Security

FUEE
Fuel allows EOSIO applications to cover resource costs for their users

EOS PowerUp
Free resources for your EOS account. Quick and easy!

EOS PowerUp
Free resources for your EOS account. Quick and easy!

EOS PowerUp
Free resources for your EOS account. Quick and easy!

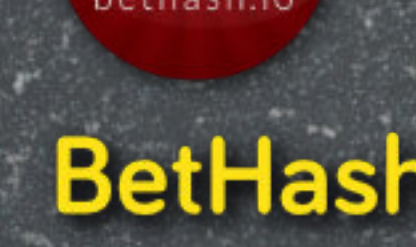

Billionaire Token
Decentralized games on the blockchain

Billionaire Token
Decentralized games on the blockchain

DAO Raffle
Easy way to buy tickets and win amazing cash prize

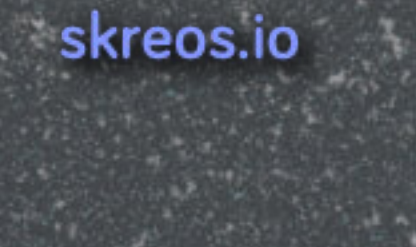

BetHash
Bet on Future Blocks and Earn Passive Income!

Bapbet
Ultimate Cross-Chain entertainment platform

SKR EOS
Decentralized game platform based on EOS main net

EOS Royale
Fully decentralized games powered by EOS

EOS BEES
Coordinated Global Marketing via language hives and bilingual leaders

EOS BEES
Coordinated Global Marketing via language hives and bilingual leaders

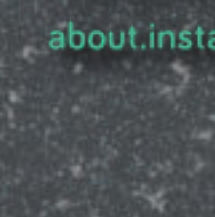

EOS BEES
Coordinated Global Marketing via language hives and bilingual leaders

ZEOS
ZEOS enables fully private and untraceable transactions on the EOS mainnet

Insights Network
A privacy preserving global market research network

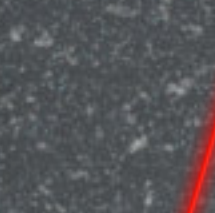

pEOS
The first privacy centric token that is fully compatible with EOS

Lamington
CLI tool and JavaScript utilities to streamline the smart contract building

EOS Factory
Python-based EOS smart contract development & testing framework

aDAPPi
Fully featured IDE for EOSIO smart contracts

Kafka Plugin
Used to receive the transaction data from blockchain and send out the transaction through kafka producer

EOS Studio
A Graphic IDE to expedite your EOSIO smart contracts

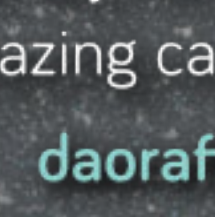

LiquidApps
Universal bridging framework and middleware of powerful services

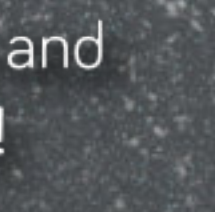

Recover+
Emergency reaction platform for EOS projects helps to quickly initiate emergency proposals

Hyperion
A two-layer solution: Hyperion History API (data structure) and Hyperion Analytics

Bitquery
GraphQL API support to query almost all data types

EOS Lime
EOS Development Tool and Unit-Testing Framework

dfuse
Empowers devs with capabilities to build modern blockchain dapps

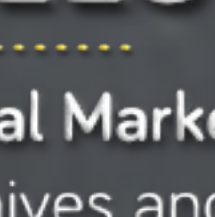

EOSIO Testnet
Block one's official EOSIO Testnet

Atomic Assets
Powerful, efficient, NFT and asset standard for EOS/Wax

Marble
A modular digital item standard for EOSIO

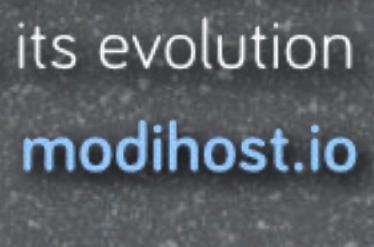

Jungle Testnet
The Best Place To Test Your EOS DApps

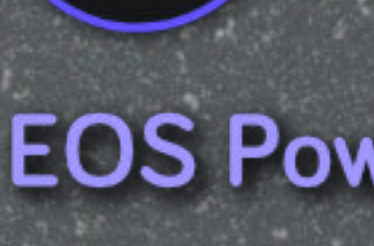

Jungle Testnet
The Best Place To Test Your EOS DApps

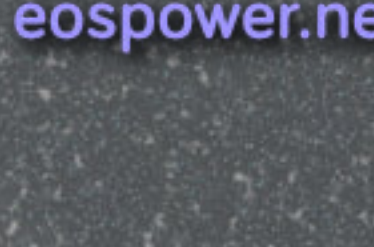

ModiHost
Leverages the power of AI to take the hospitality industry to the next stage in its evolution

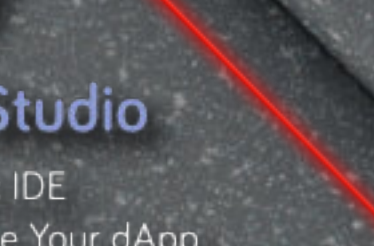

EOS Microloan
Allows user to create loans published on chain

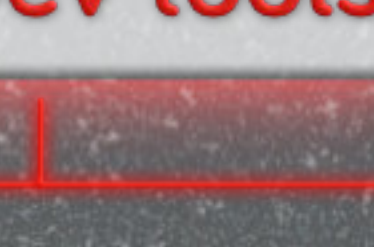

EOS Power Network
Bringing pull transaction to the DeFi ecosystem on EOS

Chintai
Transforming capital markets today into blockchain opportunities of tomorrow

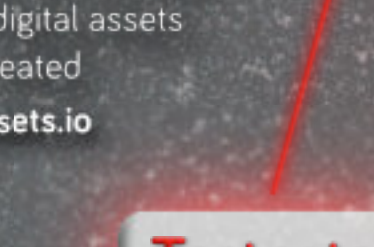

REX
A marketplace created within the EOS blockchain that allows for the risk-free leasing of network resources (CPU & Network)

EOSIO Testnet
Block one's official EOSIO Testnet

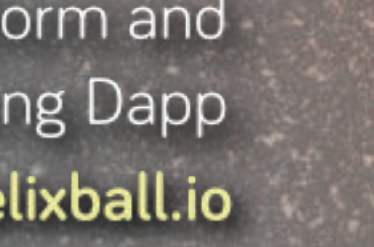

Atomic Assets
Powerful, efficient, NFT and asset standard for EOS/Wax

Marble
A modular digital item standard for EOSIO

Jungle Testnet
The Best Place To Test Your EOS DApps

Felix
Gaming platform and profit sharing Dapp

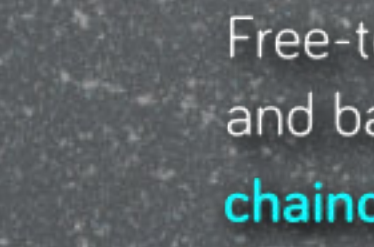

Bet Spider
Hottest place to make wagers and investments

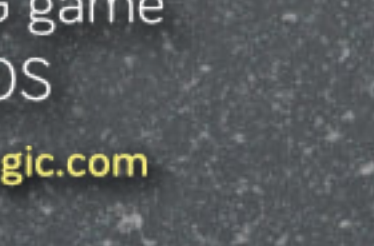

Azarus
A fair, reliable and transparent platform to play and bet for tokens

Trust Dice
Dice game built using trustworthy blockchain technology

Chain clash
Free-to-play collectible and battle game

Sword & Magic
Traditional RPG game recorded on EOS

Chainz Arena
Cross Chain Idle Mining RPG - Play and Earn

Bricks Battle
An eSports crypto game on EOS for transparency

Blockchain Cuties
The cutest & fun to play NFT blockchain game

DAPPFUND.IO

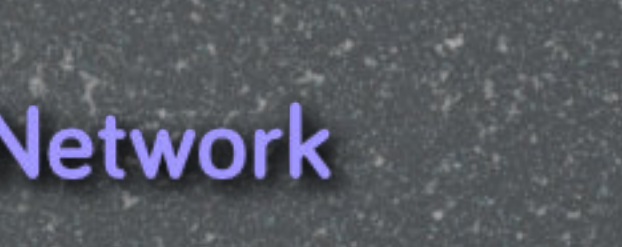

DappFund

Share a % of your inflation and support your favorite projects.
